Why the old PDF is archived

`Archive/Costs & Services/Nova_Agency_Team_Roles.pdf` was generated before Karl's role was confirmed as CMO and before the Account Manager hire was planned. It has not been audited against current MASTER.md and is treated as stale. This `.md` doc plus MASTER.md are now the only authoritative reference.

If anything in this doc contradicts MASTER.md, MASTER.md wins. If the live `/about` page eventually contradicts this doc once site availability is restored, the live page wins and this doc should be updated to match.
